## Automatic Pool Cleaner

## Key Product Features & Benefits

**Quick Release Cassette System**

Quick access to the diaphragm and easy maintenance

**Deflector Wheel**

Improves manoeuvrability in difficult areas

**36 Fin Disc**

Increased debris pick up and better pool coverage

**Twist-Lock Hoses**

Improves connection between each hose and the cleaner head

**Easy to Install**

User-friendly installation

## Product Specifications

The Baracuda Ranger is a simple but reliable, easy to maintain solid performer, specifically designed for any household pool. A proven workhorse with a robust design, it is a highly efficient suction cleaner with great manoeuvrability.

Debris type: Picks up most leaves and small debris. Ideal for sand and silt. Not suitable for large debris such as twigs, gum nuts and eucalyptus leaves.

Suitable for all in-ground pools, with 6 x 1m hose lengths included to suit 10m X 5m. Additional lengths available. Suitable for tile, concrete, pebblecrete, quartzon, fibreglass and vinyl.
